Hi, my name is Remco Lijnsveld, 26 years old and currently based in Nijkerk. Creating code with a design knowledge is the core of what I do. I found myself interested in both the development, as well as the design world and I'm currently focusing on merging the two in the work that I do.

About Me

Fueled by high energy levels and boundless enthusiasm, I'm easily inspired and more than willing to follow my fascinations wherever they take me. I'm passionate, expressive, multi-talented spirit with a natural ability to entertain and inspire. I'm never satisfied to just come up with ideas. Instead I have an almost impulsive need to act on them.

My abundant energy fuels me in the pursuit of many interests, hobbies, areas of study and artistic endeavors. I'm a fast learner, able to pick up new skills and juggle different projects and roles with relative ease. I like to develop expertise in a number of areas over the course of my life and career.
